Operation Identification

Operation ID focuses on protection of personal property. There are two ways in which identification can deter theft of personal property:

- Identifying labels placed on property where they can be seen by a potential thief, or others.
- By recording the serial numbers of property so it may be traced in the event that it is stolen.

Public Safety Office of Crime Prevention offers this service free of charge to students, staff and faculty. Bring your Laptop, I-Pod, MP3 Player, Cell Phone, I-Phone or any other item of value bearing a serial number to be recorded.

Community wide Operation ID dates are posted on campus and through the Public Safety Newsletter monthly. Students, staff and faculty are welcome to attend any community wide registration date, or use the information provided below to schedule an appointment.
