ARE YOU DEHYDRATED?

Make sure you're drinking water, even during studio!

WOW! Hydration champ - you are all set!						
Still doing great!						
Looking a little darker, but not concerning yet. Drink some water soon.						
You are mildly dehydrated! Drink a glass of water.						
Dehydration zone!! You need to drink water very bad.						
Very concerning!! Drink water ASAP and maybe see a doctor						

DISCLAIMER - this is a general chart and should be used as a guide, not a medical diagnosis

Patient Portal

🖀 Home Immunizations 🗸 🛧 Insurance 🔚 Forms 🔤 Messages 🌲 Education 🏦 Upload

Welcome to RISD Health Services Patient Portal

All students (including pre-college) are required to complete the following:

- 1. Complete all required health forms
- 2. Enter health insurance information (required for those not enrolled with RISD insurance)
- 2. Upload proof of required vaccinations
 - Hepatitis B (3 doses)
 - MMR (2 doses)
 - Varicella (2 doses or a documented history of disease)
 - Meningitis ACYW (Under age 22 only; 2 doses required if first dose received prior to age 16)
 - TDaP (1 dose in the past 10 years)

Appointments

To schedule a medical appointment or speak with a nurse, please call health services at 401-454-6625

Messaging

- To send a secure message to a provider, please click <u>Messages</u>
- Secure messages become part of your medical record
- Secure messaging should NOT be used for urgent or emergent matters

Profile Update

 Students can click on the person icon on the top right corner to update their preferred name, pronouns, and gender identity (this will only update your information within Health Services)

Upcoming Appointments

You do not have any upcoming appointments.

You have documents that need to be uploaded. Please click the Upload link to send us the documents.

- Complete health compliance requirements
- Confidentially communicate (non-urgently) with your healthcare provider via messaging
- Access your immunization history and lab results
- Update your personal information and health insurance
- Complete visit specific forms

Rhode Island School of Design STUDENT HEALTH INSURANCE PLAN

2023-2024 Academic Year

RISD is committed to promoting good health and meeting the medical needs of its students. A health insurance plan is critical in providing peace of mind, knowing that students can receive the services they need in the event of a sickness or injury.

RISD policy requires that all students be covered by a comprehensive health insurance plan. The college provides coverage through UnitedHealthcare, administered by University Health Plans. All incoming students are automatically enrolled in the plan and charged \$2,045. The charge is billed along with your semester tuition and fees. The insurance plan begins on September 1, 2023 and covers you through August 31, 2024.

Cost and Coverage Periods

	Annual Students	NEW Spring Students
Coverage Dates	9/1/23 - 8/31/24	1/1/24 - <mark>8</mark> /31/24
Insurance Cost	\$2,045	TBD
Waiver Deadline	August 1, 2023	TBD

If you are a Domestic student with comparable, U.S. based coverage through another carrier and do not wish to enroll in the United Healthcare policy, you must **complete the student health insurance waiver before September 1**, 2023 to ensure that the health insurance charge is removed from your account. This waiver must be completed on an annual basis during the semester you start classes at RISD. It may take up to 3 business days for the waiver to be applied to your student account.

All International students will be automatically enrolled in the United Healthcare policy. If your health insurance is provided by a company with a US-based home office and you do not wish to enroll in RISD's plan, you must **complete** the student health insurance waiver at <u>universityhealthplans.com</u> before September 1, 2023 to ensure that the health insurance charge is removed from your account.

If you do not need the coverage and have a comparable plan you may apply for a waiver. All medical insurance policies must be **from a U.S. domestic insurance company**. Non U.S. based Insurance companies or coverage provided in countries with socialized medicine, including Canada, does NOT meet the insurance requirement.

To assist in providing you with the coverage you will need during your studies at RISD, we have contracted with University Health Plans to offer The Student Health Insurance Plan. The Plan includes a local and national network of Preferred Providers, and is designed to be an affordable option. You can review the plan by clicking on the Brochure ink in the "Benefit Information" section on the left side of this page. **We urge you to enroll in this Plan for several**

UniversityHealthPlans.com

Collaboration

- Health Services collaborates with other campus services to best support your health and wellbeing, while keeping in mind your right to confidentiality.
- We also work with outside hospitals, emergency rooms, and specialists with your permission
- For prolonged absences due to a medical reason, Health Services will work with Student Affairs Office to notify faculty
- RISD Policy states Health Services does not provide excuse notes for minor illnesses
- We strongly encourage students to communicate with their faculty when absent

Disability Support Services

Nicole Verardo, Director of Disability Support Services and Academic Support

Mollie Goodwin, Senior Advisor

About DSS

Carr House, 2nd Floor, 206 & 207 210 Benefit St, Providence, RI 401-709-8465 <u>disabilitysupportservices@risd.edu</u> M-F: 8:30am - 4:30pm

- The Office of Disability Support Services (DSS) develops, arranges, and provides appropriate and reasonable

 - accommodations for students in courses, programs, services, and facilities.
- DSS can recommend technologies, assist with navigating requests for
 - accommodations or services, and may
 - provide access to financial support for

 - evaluations for students encountering financial barriers.
- Time Management Coaching.

Who Do We Support?

- Disability Support Services (DSS) assists RISD students who have cognitive (learning), psychological and physical disabilities. The ADA defines a person with a disability as a person who has a physical or mental impairment that substantially limits one or more major life activity.
- Major life activities include, but are not limited to, caring for oneself, performing manual tasks, seeing, hearing, eating, sleeping, walking, standing, lifting, bending, speaking, breathing, learning, reading, concentrating, thinking, communicating, and working.
- Major Bodily Functions include, but are not limited to, functions of the immune system, normal cell growth, digestive, bowel, bladder, neurological, brain, respiratory, circulatory, endocrine, and reproductive functions.
- Students who are seeking a diagnosis.

Accommodation Process

- Registering and working with DSS as early as possible is important as some accommodations take time to put in place.
- Provide documentation and complete the application for services.
- determine reasonable accommodations.
- Participate in an initial appointment to • Deliver copies of disability accommodations letter to course instructors.
 - Students are required to discuss their accommodation with faculty but they are *not* required to disclose the nature of their disability.
- Students continue to work with DSS to receive accommodations, while keeping open communication with the instructor.
- Meet annually to reassess accommodations and receive an updated letter.

Time Management Support

- DSS offers one-on-one time management coaching for registered students.
- Time management virtual drop in hours and pop up events are available to all RISD students during fall and spring semesters, regardless of disability status or affiliation with DSS.
- Ways students can use time management support:

a. Help creating a Google Calendar b. Tips to prioritize tasks and track assignments c. Efficient use of technology and campus resources d. Stress management and mindfulness

- Students can meet with a DSS staff member to talk about these questions and to review options for getting evaluated.

- Students with documented need are able to receive financial assistance for neuropsychological testing.
- DSS can review options for putting in temporary accommodations or services in place while students are getting evaluated.
